Chamber Seeks To Secure Permanent Glades Tag Office

Petition Asking For Tag Office And License Inspector Signed Freely Here

The Belle Glade Chamber of Commerce has inaugurated a petition, now in circulation, which is asking the State Vessel Tax Office to establish a permanent auto tag license bureau in Belle Glade; and also to provide a license inspector.

The petition already has several hundred signatures on it and at the end of the week will be forwarded to the State Commission for its action.

The petition sets forth the fact that the Glades, from South Bay and Lake Harbor have many auto owners and farm operators who annually must secure tags for their cars, trucks and farming equipment, and with the exception of the last six weeks in December and January, have to travel approximately 100 miles to and from West Palm Beach, to reach a service office to secure tags.

Also at this time, it takes several trips before such a license can be secured on account of no possessing proper or sufficient papers.

The signatures of managers, farm and packing house employees come to the Glades each crop season for employment, many of them who have children, must leave their dependent schools. He who can do this, if the parents are employed, they must secure a motor license for their car equipment before they can be received into the schools. This requires several trips to the county seat before tags are secured, many do not attempt to get tags, after the first unsuccessful attempt, so that the state, county and city, losses revenue as a result.

The petition also sets forth that the placing of a tag office in Belle Glade would prove a great convenience to people residing in the southwestern Glades area, and would save many miles of travel and costs to get tags. That it would be an encouragement to the public to have a tag office at this point, and that an inspector could readily settle arguments and fix up errors in papers on car so that quicker service could be effected, and possibly remove latent liabilities of many drivers and car owners.

Owing to the number of out of state cars, who do not comply with the vehicle regulations, many tags would need to be purchased.

The combined law firms of the county, city and district at very much in favor of the placing of a permanent tag office, and inspector officer, for it would greatly aid them in their work, especially in case of accidents and in stolen car cases.

Such a tag office would be of great benefit to Pahokee and the Canal Point sector of the county, who could serve

Jack Rashley Given National Guard Officer Promotion

Sergeant Jack Rashley, who is in charge of the National Guard office in Belle Glade, has been notified by the Army, that he has been given a grade promotion from "Sergeant" to First Sergeant which carries with it a pay increase.

The 51st Division of the Florida National Guard has after long months of waiting, been granted its "patch", which will soon be worn by Guardsmen. A patch is a square, in white with double colors, one side yellow for South Carolina and the other, blue for Florida and the center emblem is a rattlesnake.

Guardsmen are seeking amateur radio men with the service "Ham" operating licenses. These they seek to recruit for auxiliary service in connection with the proposed new radio station which will be established over Florida. Such systems will be used in present hurricane reporting stations.

Belle Glade Listed For Post Office Grant Of \$150,000

President Henry O. Sawyer of the Belle Glade Chamber of Commerce is anxious to see that the city and Belle Glades area get a complete report on the federal terminals which will be taken in 1950. He has written to Senators Holland, Pepper and Representative Rogers, the latter in each of the schools.

The signatures of managers, farm and packing house employees come to the Glades each crop season for employment, many of them who have children, must leave their dependent schools. He who can do this, if the parents are employed, they must secure a motor license for their car equipment before they can be received into the schools. This requires several trips to the county seat before tags are secured, many do not attempt to get tags, after the first unsuccessful attempt, so that the state, county and city, losses revenue as a result.

The petition also sets forth that the placing of a tag office in Belle Glade would prove a great convenience to people residing in the southwestern Glades area, and would save many miles of travel and costs to get tags. Daddy Faggs Home Cares For Many Of State Children

The 46th annual report of the Children's Home Society of Florida, for 1948, has reached the Herald. The report shows that it is indeed quite a work of art as well as an interesting story of the great philanthropic work that it does for the unfortunate children of the state. The slogan of the society is "For every child, the kin of care he Needs".

Daddy Faggs has been appointed executive director of the organization and is a man who is widely known throughout the state and nation. R. V. Covington has served in the capacity of treasurer for 44 years. Lucien H. Boggs is the efficient president of the Board of Trustees.

Marcus (Daddy) Faggs has been appointed athletic coach for the Belle Glade High School. He will keep the school very popular among the students, having served as assistant to Coach Wm. H. Cook since 1938.

Coach Leavitt is a Floridian who, Ft. Lauderdale is his home town. He is 29 years old and a graduate of Ft. Lauderdale High School, and Indiana University. During the war, he served in the Army Corps for four years of service to the Army Air Corps, returning to graduate with the class of 1942.

Leavitt was an outstanding football player in his high school days, and is now a university team in 1949-50. While on the Ft. Lauderdale team in 1936-37 he played against the Pahokee Indians, being coached by E. C. Hall.

Plans are being completed for the summer recreation program of which Leavitt will be in charge, and all children may take part in the supervised sports programs on Monroe Field, beginning June 20th.

The Bridge Tournament ended today with high score prizes being awarded. Mrs. Evelyn McKee and Mrs. Louise Thomas, second. Mrs. Rita Zump took third, and I won low prize.

The prizes were a pressure cooker, a radio, a radio, a radio for first, an electric and third were painting by Margaret O. Earwood, one of which was donated by the painter, and low prize was a hand-made quilt.

The Belle Glade girls will play in the County League next Monday at Delray. We will be betting on you girls, so do your best.

There will be a golf tournament for men and women in about three weeks. The exact date has not been set, but those wishing to qualify may do so.

Don't forget the Elks Golf Tournament in Lake Worth on May 29th.

See you at pot luck Sunday night.

There will be a golf tournament for men and women in about three weeks. The exact date has not been set, but those wishing to qualify may do so.

During this time 12 regular patrols were held and 6 special patrols were held. All phases of fire fighting.

MEANINGLESS GUARANTEES

The latest proposal for compulsory government health insurance contains provisions guaranteeing the professional liberties of doctors. But, as a well informed doctor said, "Under government control there would be no liberty. There would be no guarantee of those liberties, rights and privileges are quickly reduced to political slavery."

The extremely unfortunate condition that has resulted from the imposition of England's health insurance law is a case in point. In England, the medical profession has given up their autonomy and guidance those liberties, rights and privileges are quickly reduced to political slavery."

One of the most important features of the health insurance is adopted here, the nation's annual bill for "social security" will reach the immeasurable sum of \$15,000,000,000—more than we spent for national defense this year, and more than the entire annual budget for any single year between 1929 and 1939.

This is just the example of the financial cost of even a small form of socialism. The American people must soon decide if they wish to devote more and more of what they earn to paying for political control of their lives.

News of Belle Glade Negro Schools

By Negroes—For Negroes

Belle Glade Has A
Colored K of P Lodge

Four persons in Belle Glade know that the colored men of the city have a colored Knights of Pythias lodge as Saint Simon Lodge No. 252, with a membership of more than a hundred members.

William Preuit, who works at the Elk's club rooms, is the deputy chancellor of the district and Frank McMenamy were the representatives to the Grand Lodge session held in West Palm Beach, this week.

Calanthe New To Gift
New School

At a recent Parent-Teacher Association meeting, Mrs. Rosa Calhoun, representing the Calathers in this community, made known that the Calathers had already started a fund to purchase some worthwhile piece of needed equipment for the new school. Mrs. Calhoun asked for, and has been provided with, a list of various items of equipment that the school will need. The Calathers will select some item from this list. Ten dollars on the Calanthe Fund was turned over to the PTA by Mrs. Calhoun.

Mrs. Calhoun has for many years been an outstanding citizen of our community. During the past year she has been very active in church, school, and community affairs which have been designed for the uplift of the community. The pupils and teachers of Belle Glade Elementary School are to take this opportunity to again thank Mrs. Calhoun and the Calathers for this splendid gesture in our behalf.

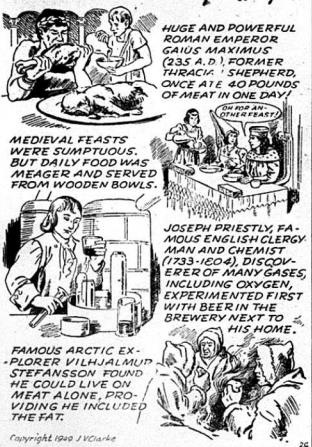

Former Students
Appeal in Assembly

A group of young men who have been learning lately to play various instruments and instruments furnished music for our assembly program on Friday, May 13. Players in the group were Leroy Wiggins, Trombone; R. O. L. Culmer, Drums; Wm. Frank, Banjo; Johnnie Rutledge, and Leroy Kight, Saxophone; and Roosevelt Lincoln, Drums. The selections rendered by these young men were well and new attractions.

Everglades High School were well there and provided an inspiration to all of us. The group appeared at the request of the Rhythm Band Club. Gospel Singers, Two Selections

Mrs. A. Z. Morgan was present at Friday's assembly program and brought with her two outstanding speakers, Mrs. and Mr. Kennedy, who is conducting services at one of our churches.

for its first win over our boys. For a while on last Thursday afternoon it seemed that South had the upper deck on our boys to the task with a five run fifth inning, and the final score was Tigers 13 and South 8.

Lake Worth Outscores
Independent and Break
Fourth Position Tie

Our Belle "Independents made a visit to Lake Worth, decided to play at Ruskin last Friday against Ward's strong team. These teams were tied for fourth place prior to the game, but the home town team had their new clothes on and beat all three of the pitchers, which Manager, Bush presented, Cherry, Williams and Harrell. The final score

was 14 to 4 for Lake Worth. Other games in the league resulted: Jupiter, 3. Clewiston, 1. South, 3. Okeechobee, 2. The Independents will play at Panama next Sunday afternoon.

McCard Opens Fine New Jewelry Store On West Avenue A

C. L. McCard, recently leased the former O'Neal Jewelry Store on West Avenue A, and has refitted and furnished it for a model retail jewelry store, which will be opened for business this Saturday. This store will be located directly across from the store he operated here for the past three years.

Mr. McCard was formerly in business in Fitzgerald, Ga., and from there opened a chain of stores in surrounding towns. Later he was a wholesale jeweler in Atlanta, Ga., and after that sale, he came to Belle Glade to locate.

Mr. McCard has a collection of fine jewelry, which is soon to be entirely occupied by the Banquet Dress Shop.

Mr. McCard has hired an expert watch and jewelry repair man for the new store for that line of work.

Pahokee Dedicates Its \$30,000 Swimming Pool. Tomorrow

The City of Pahokee has got one up on Belle Glade in that it possesses a fine new swimming pool, which will be dedicated Saturday afternoon, with becoming ceremonies.

The Pahokee Lions Club was the backer of the project, and the city officials and the Chamber of Commerce, which is the main sponsor of citizens the \$30,000 pool was made possible.

The pool is located in the west end of the city at the City Recreational Park and is of regulation size, 50 by 100 feet, and meets all requirements of the State Board of Health.

The program of the afternoon will include aquatic events featuring a baseball team representing Pahokee and Belle Glade teams.

Golden Rams

(Continued from page 1) game with Lake Worth which the Rams won by a score of 1-0 before yesterday.

Tommy Williams was the main star in the Rams' box, and Billy Jo Leathers at first was a tower of stren-

ELKS PURCHASE NEW

did not like the manner in which the pit worked, or the way in which bugs took over during the cooking hours. He has now had the pit removed and now has the job of rebuilding the pit and screening in of same, along his own ideas. Another Ladies' night function is in the offering. They say it will be like the barbecue food, too.

As a matter of economy and handiness, on Trustee recommendations, and approval of the board, a new ice making machine will be installed in connection with the club rooms, for cooling and preserving merchandise. A new power sawing machine was purchased for lawn use; and a bank obligation was ordered paid.

The Elks golfers of the district will again meet in a tournament May 29th, teeing off hour being at 10 sharp. Worthy prizes will be offered the winners in the handicap matches. A dinner will be served at the club house following the match. The Glades will have an entrance group, but a number of the best local players will be missing, owing to their out of town employment.

GOLDEN RAMS

In the Glades area each year about 10,000 car and truck licenses, and water craft licenses are issued annually. The Chamber of Commerce holds a meeting, along with the many new car and equipment sales coming along each year, that the patrons should have convenient offices and officers where they could secure speedy service.

OBSERVATIONS
(Continued from Page 1)
at the County club certainly
provided pleasant entertainment
for their guests.

School will be out for the
pupils on June 3rd, but for the
faculty the end comes on June
15th, they remain to clear up
the end of the year work, and
also do some planning and
planning for the work of next
year. It is expected that most
of the faculty members will be
back again in the fall, as they
have been re-appointed for an-
other year.

It looks as if Belle Glade
were inclined to be "joiners,"
for the new Moose Lodge starts
off with a chapter of the Moose
lions, just a shade under
the present membership of
the Elks lodge. The Masonic
lodge also now numbers around
100 members and the Odd
Fellows have also turned their
membership into a working
lodge. Each lodge has its own
manner of working for the bet-
terment of mankind, and the
members seem to get great
pleasure and enjoyment out of
the various sessions.

Now that the Catholic mem-
bers in the Glades have got
started on their long desire and
worked for chapel, we are
expecting to see Mrs. Imogene
Fontaine out there in overalls
handing a pitch and shovel, and
other tools. Mrs. Fontaine has
done more to collect in
monies that this church edifice
could be erected, than just our
own Ingmire, and an orchid is
sure to bloom.

For a period of years by part-
ies, sales, suppers and other
plans the St. Mary's Altar Socie-
ty has been working to secure
church funds, and is to be
congratulated on the approach
in a successful manner of its
goal.

The new chapel will not be
done in October. Robert
Garrison, planted a crop of but-
ter beans in his backyard. Now

Last fall in October, Robert
Garrison, planted a crop of but-
ter beans in his backyard. Now
after nine months Bob says his
beans are as big as his fist and
he is getting beans sufficient
for his use, and new
beans and pods still filling the
bushes.

Quite a number of candidates
from the Glades, area in the
past weeks learned the myster-
ies of the Scottish Rite Con-
sistory.

CHURCH FUND DRIVE
Continued from page 1
on page 1. The drive is to be held what is known as Methodist congregation will in time have its fine, modern and com o m o d i o u s church plant.

A fortunate selection was made when "Sister" Betz was selected to be Master of Ceremony, for he carried things along in a lively manner, in song and short addresses. He got the bunch into a "I'm Happy" position. He introduced the members of the campaign committee, and asked for short addressed from Rev. Leonard Vandewater, George Royal, Vernon Borden, H. C. Biddle, before entering into the main business of the evening, which was raising money for the church building program.

Rev. Laurey Ray, of Largo, Wakarusa, rating specialist, was in charge of the task.

His talk was good and was illustrated by well selected stories, from which he made points suitable to the business of the evening.

However, it was apparent that those who were present had come prepared in their minds what they could and would do to the project, and when cards were signed and a check made, the fine sum of \$44,654 had been subscribed or paid in cash, leaving around \$10,000 to be secured.

When the sum of the subscriber funds are in the hands of the treasurer, then the Building Committee, has authority to go forward with actual construction of the sanctuary and educational building.

One of the large rooms in the annex will be taken over by the Tri-F Bible class, who will find it easy to furnish it for their homes, and the room of other activities of the church and school. Back in 1934, at the original

American Legion hall, a mass meeting was held at which the present Community Church of Belle Glade was formed and steps taken to erect the present church structure. After the hurricane of '26 and '28 church services had been held in the Legion hall, and the group which was present at that meeting, were the Creek, Kiddie, Betz, and H. C. Biddle families. Creek stated that the proposed new church is the third church he has worked on two for the Methodist and one for the Baptists.

The five day campaign started at \$60,000, independent of the \$10,000, already in the church building fund, so that the reaching of that goal was a success. The fine sum of \$44,654 had been subscribed or paid in cash, leaving around \$10,000 to be secured.

When the sum of the subscriber funds are in the hands of the treasurer, then the Building Committee, has authority to go forward with actual construction of the sanctuary and educational building.

There was much happiness and satisfaction among the church fund soliciting groups at the church Monday night, when the figures were announced.

It was decided to be considerably increased as all subscription work has not been completed and returns turned into the committee. Over subscriptions will aid in the future if any shrinkages should occur.

FIRE DEPARTMENT

(Continued from page 1)
ing were studied at these drills and a refresher course in first aid work was taken under the instruction of a Red Cross First Aid Instructor.

One new truck was added to the department equipment during this time. This is a commercial Chevrolet chassis with a 500 GPM front mount pump, a dished base body capable of carrying 1000 gallons of water and a 1000 foot hose. It also has a portable deluge nozzle mounted on an upper deck. This nozzle can be opened from the truck as a search nozzle or set off in the street. This truck was built from the chassis up in the department.

The department has also attempted to build a new wooden vacant lot in the city, to move the hazard involved in the lush growth of grass during the dry season. This practice had to be discontinued because of the weather and the danger of muck fires.

The loss suffered as the result of fire in the city during this period is very low. These figures will be computed and will be entered in the record.

One additional fireman was added to the city payroll beginning November 1st.

Two-way radio was added to both Police and Fire departments on December 20th, and the central or control room is operated by the fireman on duty.

Some improvements have been made to the water distribution system of the city, resulting in an improved water flow for fire service in almost all areas.

The extensive street repairs and improvements are also expected to be an aid to the fire department.

CINEMATIC CHATTER

By Nelson Miller
Every so often one reads of some screw-ball ending his body hatch and running around the country. Word has come that Red Skelton, known to possess more loose than tight, has broken his body again and teamed up with Brian Donlevy and lovely Arlene Dahl, and invaded the Southland with a bundle of fun. He was recently seen under the title "A Southern Yankee."

The management of the Hugo Theatre has agreed to entertain this group for two days, Sunday-Monday, at the theatre, but they cannot risk another day beyond these dates for fear that the foundations of the building will be shaken out of its base. Two years of laughter that will greet great entrance of this prize nut.

According to the story to be unrevealed: During the Civil War Andrew Jackson, a bell-hanger in a St. Louis shop, recognizes a major as the famous spy known as the Grey Spider. The major forces Aubrey is mistaken for the Spider, but he is actually knocked unconscious and falls to the ground. From then on the laughs grow louder and more furious as we see Red Skelton in prediction of the two years of laughter from the customers. I think you'll love it. See you at the movies—Mal.

Belle Glade Herald

Belle Glade Motors
Give Exhibit Of
Cars and Tractors

The Belle Glade Motors, Inc., through its manager Charles Bolton, on the evening of May 19, was host to a large company of parents and friends, at its place for Ford cars and farm equipment display and demonstration.

Officials and experts from Florida Tractor Company, of Jacksonville, were present with moving pictures, which illustrated what could be done with tractors and other farm equipment, and also personally demonstrated the use of the various tractor machine attachments. Some very excellent farm information and techniques were dispensed.

George Chard, who did not let his guests away without feeding them, fed them first with a very select line of food and got everyone into a good mood, to stand anything that might come along in the later program.

Joe Kahn **W.H. Hill**
Old Store Building

Joe Kahn, of Kahn's Department store, has closed out the

stock in the former Modern Dress shop, and also the last units of the building in which the Modern store was located, and has plans for the erection of a new store building on that site.

F. F. of A. Enzy Week
End Outting Fishing

Bob Davidson, director of the Future Farmers of America, on Friday night took a group of his boys to Fishing Creek to remain over the weekend. The boys, mostly from the area, enjoyed their annual dinner at Clewiston, following the recent district meeting held in that place.

Police Officers Change
Places of Residence

State Road Patrolman V. Sheppard has moved from Fourth street S. to the Doctor White apartment on Northwest Second street. Mr. and Mrs. Gibbs Gross have moved from their former apartment to the Ringo apartment on the Lakeshore road. Gross is also driving a fine new Ford patrol car furnished by the Sheriff's department.
